## 2017 Conference Essay Questions

1. “Rise to Prominence” is the annual theme of GIS Taiwan 2017. Based on this theme, describe how you imagine the world will be in ten years. That is, make a reasonable prediction about how things that are now rising to prominence will affect our life in the future. There is no limitation on the field or principle you choose to discuss.  
(Word limit: 300)
2. Select one out of our four academic topics (Blockchain, Low-Carbon Economy, Extremism, New Media) that you are most interested in. Elaborate your understandings and perspective about this topic. Discussing the topic with current issues is preferable.
